OBJECTIVES

One

Review 2021 changes to MN Statute 260E.31:
Reporting of Prenatal Exposure to Controlled
Substances.

Two

Understand the possibility for interpretation
within the law and gain exposure to different
real-world interpretations in several MN
counties including Hennepin, Ramsey,
Washington, Anoka, and Beltrami.

Three

Recognize how to better access resources for
families who are struggling with perinatal
substance use.
