MNPQC Program Advisory Committee Vice Chair Position

MNPQC Background: The Minnesota Perinatal Quality Collaborative (MNPQC) is a network of organizations, medical providers, content experts, and community voices led by Minnesota Perinatal Organization (MPO) with support from the Minnesota Department of Health (MDH). We seek to improve perinatal and infant health outcomes with an emphasis on improving health equity for all birthing people.

Minnesota Perinatal Organization (MPO) was founded in 1974 as a multidisciplinary association of individuals and organizations dedicated to improving perinatal health. We provide up-to-date information on perinatal care practices, services, and technological advancements and a great opportunity to network with professionals from the region. Our Mission is to optimize perinatal health in Minnesota through education. The Minnesota Perinatal Quality Collaborative (MNPQC) was developed in 2018 and is facilitated by the Minnesota Perinatal Organization (MPO) along with support from the Minnesota Department of Health.

Description: The MNPQC Program Advisory Committee Vice Chair will support the Chair by providing content expertise to the Committees and Initiative teams. The Vice Chair will provide medical oversight for Quality Improvement Initiatives development, implementation, and execution as directed by the Chair.
